Seminars - Ongoing

## President's Message

November 1, 2025

Dear Valued Partners,

As I begin my second year as President of the Canadian Tamils' Chamber of Commerce, I want to express my heartfelt gratitude to our members for selecting me once again. Your confidence and continued support inspire me to work even harder for the growth and progress of our business community.

The past year has been truly transformational for CTCC. One of our most significant accomplishments was the purchase of Unit 3 at our CTCC Business Centre in 2025, a strategic investment that strengthens our long-term foundation and expands our capacity to serve members. This new space will allow us to host more programs, meetings, trainings, and provide a physical home for innovation and collaboration within our Chamber.

We also proudly launched the CTCC Quebec Chapter, marking an important milestone as we expand our presence nationally. This chapter is already creating meaningful engagement for Tamil entrepreneurs in Quebec and strengthening cross-province business networks.

Another highlight of the year has been the introduction of our Incubator Programs powered by TVZ, designed to support early-stage entrepreneurs through mentorship, business training, and access to resources. These initiatives represent our commitment to building the next generation of Tamil business leaders in Canada.

As we move into 2026, CTCC remains focused on deepening partnerships, enhancing sponsorship value, and equipping our members with the tools and opportunities they need to succeed in an ever-changing economy. Your support—whether as members, sponsors, or community partners—plays a vital role in accelerating our mission.

Thank you once again for trusting me to lead this incredible organization for a second term. Together, let us continue building a stronger, more innovative, and more connected Tamil business community across Canada.

For partnership inquiries, please feel free to reach out to me or our office, at (416) 335-9791.

Warm regards,

**Ari A. Ariaran, CPA**  
President
